

Composable BYOC Infrastructure

The most simple way to package your product and run it in customer cloud accounts.

Broaden your product offering, expand your TAM, and unlock new revenue.

Jon Morehouse | Founder, CEO

```
 1 ~/nuon $ nuon installs create --name=your-customer
 2 --region=us-west-2 --role=your-customer-iam-role
 3
 4 ~/nuon $ nuon builds create -c=e2e_helm
 5
 6 SUCCESS successfully created build successfully
 7 created component build bldd4xuq6apaf778aeiw1x46il
 8
 9 ~/nuon $ nuon releases create -c=e2e_helm
10
11 SUCCESS successfully created release
12 relrpmtsqt1avfnbr1kkg8qlk
13
14 SUCCESS successfully created release
15 relrpmtsqt1avfnbr1kkg8qlk
```

Give your customer the best of both worlds
